

Zuluru Guide

Information for Captains

Emails from the system

- Confirmation codes in emailed links, so players don't need to be logged in
- Reply-to set to the person performing the action, to facilitate communication

Roster Management

- Simplified process, one step for captains and one step for players
- Additional changes coming for managing playoff rosters

Attendance Tracking

- Turn on and adjust email configuration in your "Edit Team" page
http://tuc.org/Zuluru/help/teams/edit/track_attendance

Scoring Games

- Click "Submit Score" link from "Upcoming Games" area of the "My Games" page
http://tuc.org/Zuluru/help/games/recent_and_upcoming
- Other team's score submission will be shown, if it exists
- Answer spirit questions honestly, even if you choose to give a 10 spirit score, so conveners can watch for trends
- Comments are for minor issues; conveners also like to get positive comments
- Incident reports are for field issues, injuries, or more serious issues
- Scores can be edited by the captain with "Edit Score" link from "Upcoming Games" area if incorrect

Information for Captains and Players

- Captains should be encouraged to distribute this information to their teams

Attendance Tracking

- Link to season attendance summary from "My Teams" area and various team pages
http://tuc.org/Zuluru/help/teams/my_teams
- Link to game attendance summary from "Upcoming Games" area and team schedule page
- Can update attendance status from either of these pages or directly from "Upcoming Games" area of the "My Games" page
http://tuc.org/Zuluru/help/games/recent_and_upcoming

Popups

- Players, teams, and more now have "popups" when you hover the mouse over them
- Intended to give quick access to key information and links

Photo Upload

- Use "My Profile" -> "Upload Photo" to add a picture of yourself
- Photos are shown in your profile and popups
- Helpful for people figuring out who to nominate as all-stars, when drafting hat-teams, recruiting players, etc.
- Must be a picture of your face, and must be approved by an administrator before being published

Personal iCal Feed

- Use "My Profile" -> "Preferences" to enable the personal iCal feed
- Once enabled, use the links at the bottom of the "My Games" page to add your schedule to iCal, Google Calendar, etc.
- This schedule will include all of your games, on any team, forever

Mobile Version

- <http://m.tuc.org/> is a version of the site that includes only Zulu, not the additional banners, menus, etc.
- Intended to allow faster and easier access to game information and score submission from any mobile phone with a browser

Online Help

- Context-sensitive online help shows only what you have access to and includes links where applicable
- Use the "Help" menu to access online help
- Pieces of the online help are also available with the blue ? icons throughout
<http://tuc.org/Zulu/help>

Bug Notices

- Use the "Report a bug" link at the bottom of every page to report bugs
- Try to include what you did, what you expected, what you saw, any error messages

Feature Requests

- Many current Zulu features are the result of user requests
- Requests include large or small features, new links, additional popups, wording clarifications, help additions, etc.
- Send requests to webmaster@tuc.org or post in the Website area of the BBS

Facebook Page

- Zulu has a Facebook page at <http://www.facebook.com/pages/Zulu/173065322726299>
- New features are announced through this, so you can learn about them on your wall if you "like" it
- More positive comments and "likes" should lead to more leagues using Zulu, which leads to more features being added sooner
